Application No. 09/051,263
Filed: August 7, 1998
Title: RISC MICROPROCESSOR
ARCHITECTURE

ON PETITION

This is a decision on the petition under 37 CFR 1.137(b), filed July 16, 2002 (Certificate of Mailing dated July 12, 2002), to revive the above-identified application.

The petition is **GRANTED**.

The above-identified application became abandoned for failure to timely file a reply to the Office letter mailed May 15, 2000, which set a period for reply of two months for applicant to submit a substitute specification pursuant to 37 CFR 1.125(a). No substitute specification having been received, the above-identified application became abandoned on July 16, 2000. A Notice of Abandonment was mailed on December 22, 2000.

Petitioner has met the requirements to revive the above-identified application, pursuant to 37 CFR 1.137(b). Petitioner paid the petition fee, submitted a substitute specification, and made a statement of unintentional delay. 37 CFR 1.137(b)(3) requires a statement that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional. The statement contained in the instant petition varies from the language required by 37 CFR 1.137(b)(3). The statement contained in the instant petition is being construed as the statement required by 37 CFR 1.137(b)(3). Petitioner must notify the Office if this is **not** a correct interpretation of the statement contained in the instant petition.

The application file is being forwarded to Technology Center 2100 for consideration of petitioner's amendment and substitute specification, both filed July 16, 2002.

Telephone inquiries regarding this decision should be directed to the undersigned at (703) 305-0272.
